On behalf of requestors are established in the SciQuest system only. These users are not given access in Banner to funds/orgs. The user will request on behalf of a departmental employee that does have the HokieMart requestor role and update access in Banner finance to the departmental funds/orgs. The HokieMart purchase request (PR) will indicate the “prepared by” and “prepared for” employee names. All email notifications for unauthorized access and non-sufficient funds will be sent to the “prepared for” userid. Some departments will grant this “on-behalf-of” access to graduate students in the department.

Approval: _____
