Description of Purchase Process:

The laboratory relocation services contracts were established by the Virginia Tech Procurement Department for use by all university departments. They were established in conjunction with the employee household goods moving services contracts.

The contract for each laboratory relocation services provider can be found at <https://vascupp.org/>; search under Virginia Tech and Employee Household Goods Moving Service. To see the complete list of VASCUPP household goods moving service contracts, search “household.” To receive contract pricing, you must contact the vendor prior to arranging the move.
